POM SYMPOSIUM IN PARIS 2023

POM symposium in Paris

The mini-symposium took place in Paris on Friday, October 20th and Saturday, October 21st 2023.
This event was dedicated to showcasing young researchers who have asserted their position within the scientific community over the last 5 years. G. Newton (Newcastle Uni., UK), C. Streb (Mainz Uni., Germany), A. Sartorel (Padova Uni., Italy) and E. M. Matson, a young professor at Rochester University (New York State, US) gave plenary lectures.
