POM SYMPOSIUM IN VERSAILLES 2024

POM symposium in Versailles

The mini-symposium will take place in Versailles on Monday, June 16th 2024.
Location: Amphi I, Fermat, Campus des Sciences UVSQ, 45 avenue des Etats-Unis, 78035

This mini-symposium will be held in Versailles (Campus des Sciences; June 17 2024).
Invited speakers : John R. Errrington (Newcastle University, UK), Carles BO (Institut Català d'Investigació Química, Spain), Anthony Beauvois (Synchrotron SOLEIL, France)

Program

Scientific meetings around polyoxometalates

14:00 Clément Falaise and Geoffroy Guillemot

Introduction

14:15 Prof. John Errington, Newcastle University

Non-Aqueous Polytungstate Chemistry: from Solution Speciation to Synthesis

15:00 Pr. Carles Bo, Institut Català d'Investigacio Quimica, Tarragona

DFT Simulation of Complex Reaction Networks: New Insights into the Speciation and Formation of Polyoxometalates

15:45 Coffee

16:00 Dr. Anthony Beauvois, Synchrotron SOLEIL (ROCK line)

X-ray Absorption Spectroscopy for the in situ/operando characterization of materials

16:45 Poster session / Sweet aperitif cocktail

18:30 Closing
